### 📄 ABOUT ME

I aim to work with my heart and soul for the organization's growth. I've got a friendly and polite nature and I'll try to make every possible effort and give my best outcome to you under the given deadline. Throughout my career, I've led to improve the skills that allow me to express my ideas to others.

### 📁 WORK EXPERIENCE

#### Technical Developer

Nebras Enterprise Business Solutions

Feb 2023 – Present | Karachi, Pakistan

Over the past year at Nebras Enterprise, I've thrived as a Technical Developer, specializing in the MERN stack.

My role extends to building the front-end from scratch, overseeing core development. This involves hands-on work with MongoDB and Node.js integration to ensure a seamless full-stack experience.

Additionally, my proficiency extends to React Native, where I play a key role in crafting cross-platform mobile apps, prioritizing optimal performance and scalability.

#### Front-end Developer

Core2Plus

Jun 2021 – Sep 2021 | Karachi, Pakistan

I worked here as an internee in front-end development. My job is to identify minor bugs, include small functionalities, and handle the responsiveness of web apps.
